

## AHCCCS Population Highlights February 2014

**Special Notice:** Enrollment numbers have been updated for all eligibility categories, including childless adult restoration and new categories. These enrollment figures have been incorporated into the regular AHCCCS Population by Category report, the agency's official enrollment report. The childless adult restoration category can be found under the heading "Prop 204 Restoration (0 - 100% FPL)"; the new adult category is entitled "Adult Expansion (100% - 133% FPL)."

**Special Notice:** Federal Authority for the KidsCare II program expired on January 31, 2014. Originally, the program was set to expire December 31, 2013, but AHCCCS requested a one-month extension. Notices were sent to about 23,000 families with income between 100-133% FPL who transitioned to Medicaid effective January 1, 2014. Notices were also sent to about 14,000 families with income over 133% FPL who will need to apply for coverage under the Federally Facilitated Marketplace where premium subsidies are available for eligible households. Regular KidsCare remains in effect with frozen enrollment. Just over 3,300 children on regular KidsCare were transitioned to Medicaid. These households also received notices letting them know of their transition.
